AFTER-SCHOOL CLUBS

Academic Year 25/26

INTERNATIONAL SCHOOL MARESME

Discover new activities in our After-School Clubs!

Discover exciting new clubs for 2025/26, along with your favourites returning for another year.

Don’t miss this chance to dive deeper into new activities, make new friends, and keep exploring the world once classes end.

All clubs run from Monday to Thursday, between 4:15 pm and 5:15 pm. Some activities are led by our teachers, others by external providers – all held on school premises.

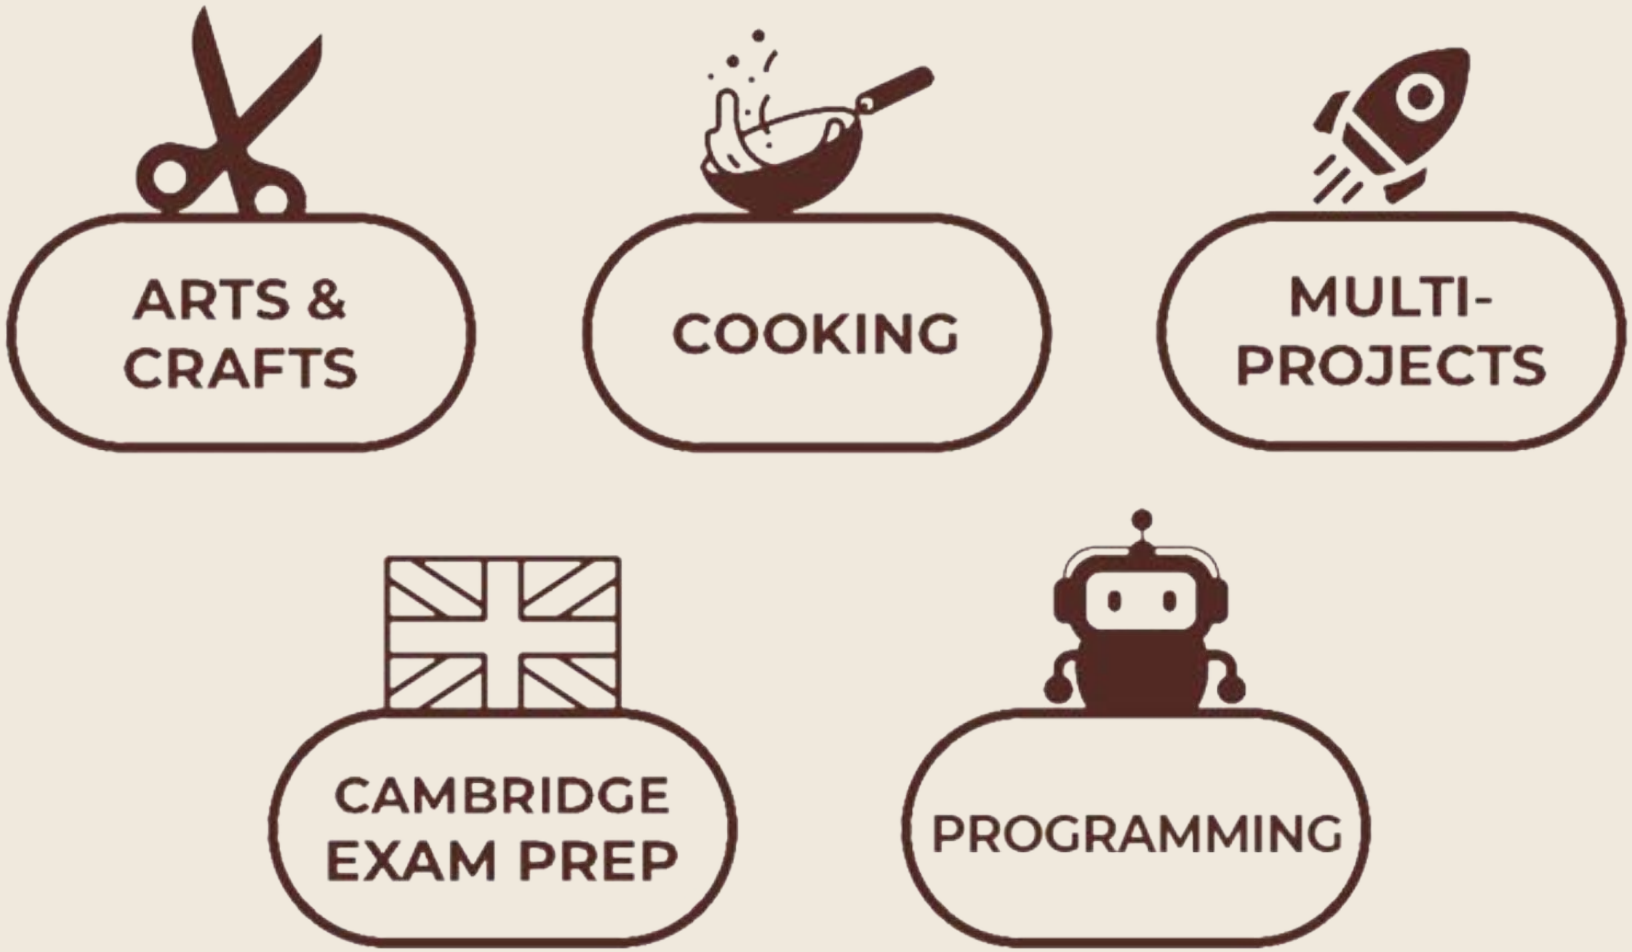

Please note: each club requires a minimum of five students to run.

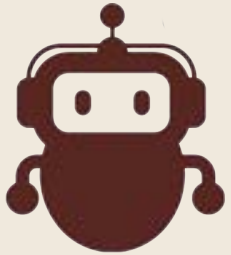

Join us and let the adventure continue!

5 Areas to Explore

Monday	Tuesday	Wednesday	Thursday
			
			

Arts & Crafts

Jessica Soler is the Early Years teacher at the school, and one of her passions is art. This is her second year leading the club. In it, students will create art using a variety of techniques and materials to express their creativity.

- From Year 1 to Year 6
- Monday
- 15€ / session

Cooking

Miquel Camarero is a leisure activity supervisor and caretaker at the school. He is also an avid culinary enthusiast who approaches every dish he prepares with passion, alongside the students. This is his second year running the cooking club.

- From Reception to Year 6
- Thursday
- 15€ / session

Multiprojects

Sandra Extremera is our Spanish and Catalan teacher in Primary. She is highly creative and leads the design of projects and decorations throughout the school. In this club, students will work on a variety of hands-on projects that combine science, art, and technology.
**This club is taught in Catalan.*

- From Year 1 to Year 6
- Tuesday
- 15€ / session

Cambridge Exam Preparation

Charlie Whitehouse is the Secondary English teacher at the school, with many years of experience not only in teaching but also in preparing students for Cambridge exams. In this club, students will improve their English skills and practise exam strategies to prepare for the First Certificate in English (FCE) or the Cambridge Advanced Certificate (CAE), depending on their level.

- From Year 7 to Year 11
- Thursday
- 15€ / session

Programming by CodeLearn

CodeLearn is the company responsible for running the programming club. Using the CodeLearn method, students will develop their programming skills and learn computational thinking. This will enable them to create all kinds of projects – from video games and apps to robots and electronic devices. It's the power of computational thinking: the ability to solve problems without being limited to a specific programming language or type of robot. More info here: https://codelearn.cat/

- From Year 3 to Year 11
- Wednesday
- 45€ / month

Enrolment

- The enrolment period starts on the 5th of June and finishes on the 16th of June.
- Places are limited and we strongly recommend our families to sign up and secure the place.
- How? So easy! Just send an email to office@internationalschoolmaresme.com with your kid's name, year and club they want to join.
- In September, enrolments will be opened again only for those activities with available places.

Changes and unenrolment

- Automatic renewal at the end of the term.
- Any changes or unenrolment must be requested within the time interval shown before and must be communicated by email to office@internationalschoolmaresme.com

Calendar and prices

- All After-school activities start on the week of September 15th.
- 3 Terms:
  - 1st term: from September 15th to December 22nd.
  - 2nd term: from January 8th to March 27th.
  - 3rd term: From April 7th to June 18th.
