INTERNATIONAL SCHOOL MARESME

Our Academic Programme

As educators, at International School Maresme (ISM) our ultimate goal is to offer **the maximum number of opportunities to all profiles of learner**. We do this through offering a **modern concept-driven programme**, which **engages students actively in their own learning**, fostering the motivation for each one to fashion his or her own career path from Early Years through to pre-university.

With **all lessons taught in English**, the **British National Curriculum** provides pupils with an introduction to the essential knowledge that they need to be **educated, healthy and responsible citizens**.

The National Curriculum forms one part of the school's curriculum, and at ISM we complement it with our **Forest School, Emotional Education, UNICEF Rights Respecting Schools programme**, as well as through the design of bespoke creative learning journeys and a wider school curriculum.

Como educadores, en International School Maresme nuestro objetivo final es ***ofrecer el máximo número de oportunidades a todos los estudiantes****. Hacemos esto ofreciendo un* ***programa moderno basado en conceptos****, que* ***involucra a los estudiantes activamente en su propio aprendizaje****, fomentando la motivación para que cada uno forme su propia carrera profesional desde* Early Years *hasta antes de la universidad.*

Con ***todas las clases impartidas en inglés****, el* ***Currículo Nacional Británico*** *brinda a los alumnos una introducción a los conocimientos esenciales que necesitan para* ***ser ciudadanos educados, saludables y responsables.***

El Currículo Nacional forma parte del currículo escolar, y en ISM lo complementamos con nuestra **Forest School**, ***Educación Emocional, el programa de escuelas que respetan los Derechos de UNICEF****, así como a través del diseño de itinerarios de aprendizaje creativo a medida y un currículo escolar más amplio.*

INTERNATIONAL SCHOOL MARESME

Early Years and Primary Curriculum

The **Early Years Foundation Stage** consists of our **Nursery and Reception classes**, with children **aged between 3 and 5 years**. The Early Years programme lays the foundation for every child to play an active role in their own learning, developing life skills and learning tools through **creative activities in a secure and nurturing environment**, ensuring that the first experiences of school are stimulating, positive, and paced according to the developmental needs of the individual. Parents and carers are active participants in the child's first steps in formal education.

Children begin their **Primary education** in **KEY STAGE 1,** which consists of **Year 1 and Year 2**, focusing on the building blocks of **reading and writing**, using the skills of independence and creativity acquired in Early Years to develop their knowledge of **phonics**.

We carry our enthusiasm for learning through **KEY STAGE 2 (Year 3 to Year 6)**, building on the skills-based learning approach introduced in Early Years and Key Stage 1. The **imaginative, diverse, and creative curriculum** we teach is carefully planned to meet the needs of our children, and all topics are linked to **The Sustainable Development Goals** as well as the **Rights of the Child**. Differentiated lessons, pinpointing children's personal learning targets, are identified throughout the curriculum; **assessment is both formative and summative**, allowing teachers to build a picture of the 'whole child'.

El **Early Years Foundation Stage** *está formado por nuestras clases de* **Nursery** *y* **Reception**, *con niños de* ***entre 3 y 5 años***. *El programa* Early Years *sienta las bases para que todos los niños desempeñen un papel activo en su propio aprendizaje, desarrollando habilidades para la vida y herramientas de aprendizaje a través de* ***actividades creativas en un entorno seguro y enriquecedor***, *asegurando que las primeras experiencias escolares sean estimulantes, positivas y con un ritmo acorde a las necesidades de desarrollo del individuo. Los padres y cuidadores son participantes activos en los primeros pasos de su educación.*

Los niños comienzan su ***educación primaria*** *en* **KEY STAGE 1**, *que comprende* **Year 1 y Year 2**, *perfeccionando los componentes básicos de la* ***lectura y la escritura***, *utilizando las habilidades de independencia y creatividad adquiridas en Early Years para desarrollar su conocimiento de la* **fonética**.

Llevamos nuestro entusiasmo por el aprendizaje a través de **KEY STAGE 2 (Year 3 - Year 6)** *construyendo sobre el enfoque de aprendizaje basado en habilidades iniciado dentro de Early Years y Key Stage 1. El plan de estudios i****maginativo, diverso y creativo*** *que enseñamos está cuidadosamente planificado para satisfacer las necesidades de nuestros niños y todos los temas tienen vínculos con* ***los Objetivos Globales de Desarrollo Sostenible***, *así como con* ***los Derechos del Niño***. *Las lecciones diferenciadas que identifican los objetivos de aprendizaje personales de los niños se identifican a lo largo del plan de estudios;*
permite a los maestros construir una imagen del "niño completo".

INTERNATIONAL SCHOOL MARESME

Secondary Curriculum

Secondary education begins in **KEY STAGE 3**, **from Year 7 to Year 9**, with students aged approximately **between 11 and 14 years**. Mandatory subjects are English Language, Mathematics, Science, Spanish, Art and Design, History, Geography, ICT and Physical Education.

In **KEY STAGE 4**, during **Year 10 and Year 11**, students prepare for their **IGCSE** (International General Certificate of Secondary Education) **examinations**, taken at the end of Year 11. This is **the equivalent of 'ESO' in Spain**. Here, the core subjects of English Language, Mathematics, Science and Spanish are compulsory. Art and Design, Drama, Business, Computer Science, History and Geography are electives at IGCSE. **Students who wish to convalidate their studies in Catalonia must follow the Catalan and Spanish curriculum offered by the school**
optional for international students.

*La **educación secundaria** comienza en* **KEY STAGE 3**, *desde **Year 7 hasta Year 9**, con alumnos de **entre 11 y 14 años** aproximadamente. Las materias obligatorias son Lengua Inglesa, Matemáticas, Ciencias, Español, Arte y Diseño, Historia, Geografía, TIC y Educación Física.*

En **KEY STAGE 4**, *durante* **Year 10 y Year 11**, *los alumnos se preparan para los **exámenes IGCSE** (International General Certificate of Secondary Education), que se realizan al final de Year 11. Es* **el equivalente a la ESO en España**. *Aquí, las materias básicas son Lengua Inglesa, Matemáticas, Ciencias y Español, y son obligatorias. Las asignaturas optativas pueden ser Arte y Diseño, Teatro, Negocios, Informática, Historia y Geografía, etc.* ***Los estudiantes que deseen convalidar sus estudios en Cataluña deben seguir el plan de estudios catalán y español que ofrece la escuela***
*local o "Generalitat". Esto es **opcional para los estudiantes internacionales**.*
